With THE HERALD, July 1, 1907

PRICE TWO CENTS

## DRIVER THROWN FROM SLEIGH AND BADLY INJURED

Hostler Kennedy From Fort Constitution Picked Up on Hanover Street--Taken to Fort Hospital.

Private George E. Kennedy, driver at Fort Constitution, was thrown out of a sleigh on Hanover street shortly after nine o'clock Friday evening, and badly injured.

Kennedy was driving a pair of horses in a double sleigh and while coming up Hanover street in some manner he was thrown out. The noise of the running horses was heard by Mrs. W. F. Washburn and she saw the body of a man lying in the middle of the street. She called

her husband and with another man they succeeded in taking Kennedy, who was unconscious, into the house.

Dr. S. T. Ladd was called and he found Kennedy just coming out of his daze. He had landed on his head and face and at first it was thought his nose was broken, but while it was badly twisted out of shape no bones were broken.

The Fort officials were notified and later Kennedy was removed to the Post hospital. He has a very

## PEANUT CANDY SAID TO CONTAIN WORMS

The state chemists are busy at the laboratory examining samples of peanut candy. The variety of sweet stuff is said to contain worms that are harbored under the sugar shell. A precious examination has shown that a large part of the samples taken by the pure food inspectors is infected.

**FUNERAL NOTICE**

The funeral of Mrs. Annie M. Morton will be held at her late home on Islington street, Monday afternoon at 2.30 o'clock. Relatives and friends invited.

## MR. HOBBS SUBMITS FIGURES AT HEARING YESTERDAY

Large Amount of Stocks and Bonds of Railroad Held by N. H. Banks.

Concord, N. H., Feb. 10.—The most important evidence submitted at yesterday's rate hearing related to the direct financial interest which New Hampshire investors have in the Boston and Maine railroad system. The figures, as has been the case during practically the entire hearing, was Financial Vice President William J. Hobbs.

Mr. Hobbs submitted figures showing that New Hampshire savings banks and fire insurance companies own a total of \$4,061,500 in the stocks and bonds of the Boston and Maine railroad and its leased lines located with the state of New Hampshire. Of this sum \$1,842,500 is in bonds and \$2,219,000 in stocks. The savings banks held \$1,323,500 in bonds and \$2,017,500 in stocks, while the fire insurance companies hold \$519,000 in bonds and \$201,300 in stocks. In addition to this these same banks and insurance companies hold \$1,975,800 in the stocks and bonds of the New York, New Haven and Hartford railroad. When this is added to the amount held in the lot

## BETTER PROTECTION AGAINST FIRE IS ADVOCATED

Auto Combination Wagon and Chemical Indorsed by Prominent Citizens

At a meeting of the committee on efficiency of the automobile is, Fire Department held on Friday evening Mayor Daniel W. Badger and Chief Engineer John D. Randall urged upon the committee the need of an automobile combination wagon to afford better protection from fire. Their ideas of the efficiency and economy that would obtain from the use of an automobile apparatus in the department were indorsed by many prominent citizens.

Councilman Robert M. Herdick, John W. Smart and George B. Clark, who constitute the committee on fire department, conducted a hearing in the council chambers. The purpose of the hearing was to obtain suggestions that may be incorporated in a resolution to be introduced by council for an appropriation for the purchase of the automobile truck. President William E. Marvin of the Portsmouth board of trade and merchants' exchange, former President Gustav Foyser, Charles E. Hodgdon, Harry B. Boynton and Col. True L. Norris were among the citizens who expressed their favor to an automobile apparatus on the ground of efficiency and economy.

Chief Randall, who with Mayor Badger recently attended the New York automobile show to inspect fire apparatus, told the committee members that in reliable departments the year for which the cost was quoted.

Chief Randall said that the automobile this city would probably buy, if a machine were purchased, would be equipped with 800 feet of hose, 200 feet of chemical hose, sixty gallons of chemicals, two hand extinguishers and two extension ladders. The annual message of Mayor Badger to city council and the annual report of Chief Randall endorse the purchase of a motor driven combination truck.

## ANNUAL REPORT OF THE LICENSE COMMISSIONERS

During Year Six Hundred and Thirty Two Licenses Were Granted

STATE OF NEW HAMPSHIRE

To His Excellency the Governor and the Honorable Council:

The State Board of License Commissioners submit their report for the year ending August 31, 1911, as follows:

Six applications for licenses were awaiting action at the time of the last report, and thirty two applications were received between August 31, 1910, the date fixed by law for the closing of the annual report of the commissioners, and May 1, 1911, the beginning of the present license year. Eighteen of these were approved and licenses granted, and twenty were rejected or withdrawn. Seven hundred and one applications

have been received since April 30. Six hundred and thirty two of these were approved and licenses granted, sixty six were rejected or withdrawn and three are awaiting action. Thirty five transfers of licenses to other persons and seven to other premises have been made. Five licenses have been surrendered by administrators or executors of deceased licensees upon which rebates have been paid.

At the time of the last report one complaint of the violation of a license had been received on which a hearing was pending. This hearing was held September 9, 1910, and

## DEPUTY WATKINS REMOVED BY SHERIFF EMERY

He Was Prominent in Liquor Seizures in Biddeford

Biddeford, Me., Feb. 10.—One of the biggest sensations in political circles in York county for several years past was the removal of Deputy Sheriff Thomas Stone, in his capacity as deputy sheriff served the papers on Deputy Watkins. Friends of the deposed deputy are much wrought up over his removal. Prominent democrats were greatly surprised when they heard that Deputy Watkins had been removed.

The action on Sheriff Emery's part is declared to be absolute. Deputy Watkins has a large number of friends in Cornish, where he lives, and he is popular in all parts of the county. Thursday he announced that he should be a candidate on the Democratic ticket for sheriff in the June primaries. He has been a liquor deputy for two years, devoting nearly all his time to enforcing the prohibitory law. He has always been considered an efficient and faithful officer.

For some time the bid in Biddeford has been off. Since the seizures 10 days ago, when the saloons were first opened, few raids have been made. Friday morning, Deputy Watkins armed with a number of warrants, made several seizures. He raided places on Beacon street and at Smith corner. The liquor was carted to the room room.

He had intended to continue his warfare against the saloons today if not this evening at their hall on Market street in honor of President Giuseppe Mazzini, of Rome in 1849. Before making the seizures he stated that he had heard his name connected with a deal.

He declared that he proposed to show the people that he was not in any deal and he defied any one to

### ITALIAN REPUBLICAN CLUB

One side of Beacham's Garage is composed of the Italians of this city are to hold a banquet and entertainment this evening at their hall on Market street in honor of President Giuseppe Mazzini, of Rome in 1849. The committee in charge is: Romeo Alessi, chairman, Dallaro Alfredo, Camminal Nino, Scattino Alessi, Calandrimi Giuseppe.

# KITTERY POINT

## What Is Happening in the Harbor Town

The K. F. G. Embroidery Club was pleasantly entertained by Mrs. Thurston Patch on Thursday.

Both Frisbee Brothers and J. Chever Cutts have exhausted their supply of coal and are obliged to haul it from Portsmouth to supply customers. George Boulter of Kittery is said to be in the same predicament, and, in fact, something approaching a coal famine exists along the entire coast, the severity of the weather having tied up shipping in an unheard of extent.

Mrs. Carrie Getchell of South Berwick was the guest on Wednesday of Mrs. Horace Seawards.

The Ladies' Aid Society of the Free Baptist church will meet on Wednesday evening with Mrs. Hattie Billings.

The 8th and 9th grades of the Mitchell school will, weather permitting, enjoy a sleigh ride on Monday evening.

Mrs. Lucy Meeks has returned from a few days' visit to friends in Portsmouth.

The next meeting of the K. F. G. Fancy Work Club will occur at the home of Mrs. Leroy Tobey.

A jolly sleighing party composed of members of the M. C. whist club and the Willing Workers enjoyed the hospitality of Daniel Seawards at his farm in North Kittery on Thursday evening. Transportation to and from the scene of festivities was afforded by Clifford Call, Charles Bedell and Henry Blake.

The next meeting of the W. C. T. U. will be held at the home of Mrs. Frank Lawry on Wednesday, Feb. 21. Rev. Henry C. DeLong of Medford, Mass., is the guest of George S. Wasson.

George Smallwood of Portsmouth was a business visitor in town on Friday.

Arrived, schooner Hume, Weymouth, Mass., for Belfast, Me.

While visiting Mr. and Mrs. Wentworth Seawards, Anna Kittie, daughter of Mr. and Mrs. John Kittie of Portsmouth, was taken ill the past week and remained confined to the house for several days.

Rev. Winfred Coffin will occupy the pulpit at the First Christian church on Sunday. The text will be found in the 12th chapter of Exodus and 13th verse. When I see the blood, I will pass over you.

Mrs. Lucy Collins visited friends in Kittery on Friday.

Mr. and Mrs. Edward Duncan of Kittery have been recent guests of Rev. R. W. Churchill and wife.

Miss Bernice Phillips was the guest on Thursday of Miss Gladys Spinney in Kittery.

The thermometer registered 12 degrees below zero on Saturday morning, which with the heavy northwest wind, gave the already depleted coal bins a hard rub.

The continued illness of Principal L'Amoreaux gave the pupils of Trap Academy another holiday on Friday.

Fred A. Fernald, Esq., of Boston, a native of Kittery has been called to town by reason of the serious illness of his uncle, James Berry of the Intervene.

## RAILROAD NOTES

The first great test of the biting ability of the New Hampshire Public Service Commission comes on Monday next, the day upon which it has ordered the Boston and Maine railroad to restore the old early morning train from North Berwick to Boston. There have been vain requests and suggestions to this effect; now it is a point-blank command. It is not probable that the Boston and Maine will care to resist the commission further. The road is in no position especially in New Hampshire, to fight both public sentiment and a board of considerable power. The early morning "all aboard" may be expected for next Monday as of yore. —Boston Post.

The several motor cars for section crews which are to be built in the west, will be ready for delivery by Spring.

A complication of troubles known only to railroad men certainly followed a west bound extra freight on Friday. The train left Portland at 6.10 in the morning and did not arrive in the afternoon.

Before the conference between the New Haven railroad officials and employees ends at Boston, the telegraph operators on the system will ask for more pay. The track foreman at a recent three days' meeting voted to ask for a readjustment and raise in wages as well as new rules governing employment on account of the increased and heavy traffic.

## GLASS PAVING A FAILURE

Experiments in France Show the Material Will Not Stand the Traffic in Streets.

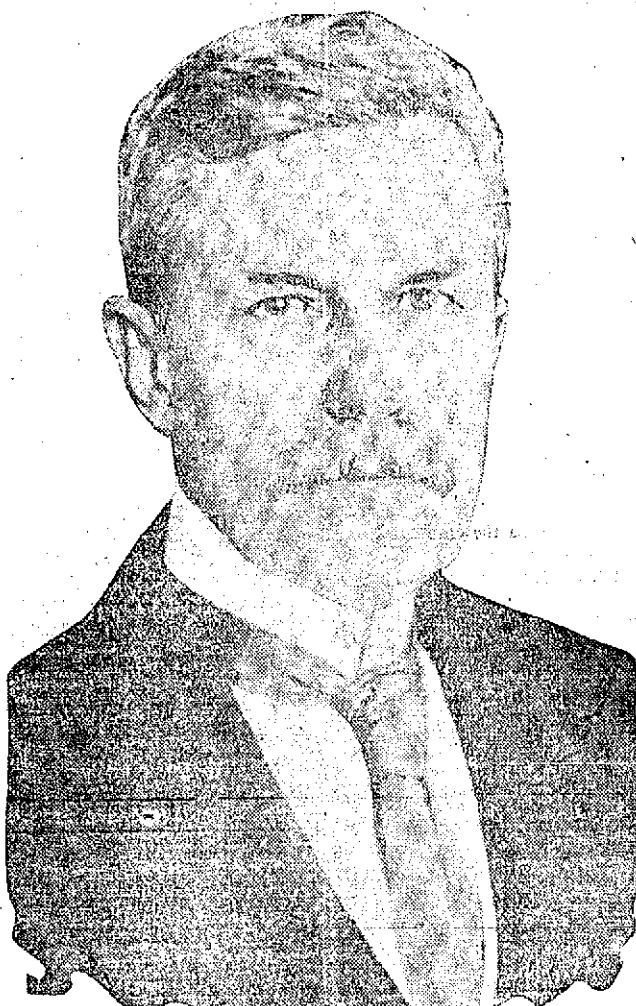

Seven or eight years ago a plant was established at La Demi Lune, a suburb about four miles from Lyon, France, for making glass paving material under the name of "pierre de verre Garchey." After many experiments carried out at the factory the manufacturer applied to the Lyon municipality for the right to make a trial on one of the chief thoroughfares. The necessary authorization was granted, provided that the inventor would bear the entire expense of the undertaking.

The place chosen for laying the glass pavement was a section of the Place de la Republique, where traffic of cabs, automobiles and wagons of all kinds is very heavy. The glass bricks remained in place for less than two years and were then taken out as they were in very poor condition, the edges were all broken, and in many cases the blocks were split through and through. The opinion of officials here at that time was to the effect that this glass pavement could be used under favorable circumstances for sidewalks, but not for the middle of streets.—Consular and Trade Reports.

Too Frivolous.  
"I didn't mind my daughter getting engaged now and then."  
"Well?"  
"But she went and got married to some jobless dud she met at a summer resort. I call that carrying frivolity too far."

Advertisements in the Herald.

## Secretary Nagel May Be Appointed To Fill Vacancy on Supreme Bench.

Copyright by American Press Association.

Because of the protests against the nomination of Judge William C. Hook of Kansas to the seat on the supreme court bench made vacant by the death of Justice Harlan President Taft is said to be considering for the place Charles Nagel of Missouri, secretary of commerce and labor. Mr. Nagel is in his sixty-third year and has had no judicial experience. Except in the case of Justice Lurton President Taft's rule has been not to appoint a man past sixty to the supreme bench.

## GREENLAND

The Ladies' Aid Society of the Methodist church had a business meeting at Mrs. Clara Bennett's on Wednesday afternoon. Among other business transacted it was voted for as many of the members as possible to earn a dollar and at a supper to be given sometime in March relate their experience in earning the sum. It was also decided to hold a sale of useful and fancy articles in April the date as yet unannounced. A proposition was carried to get up a drama for the stage entertainment for that evening.

Ralph Lowd of North Conway, in the employ of the B. and M., arrives at Amesbury, Mass., on Saturday and improves the opportunity to pass the Sabbath here with his parents, Mr. and Mrs. T. F. Lowd.

The Pastime Whist club held its fortnightly party on Thursday evening at the town hall.

The students of the grammar school had a sleighing party on Wednesday afternoon, the destination being Exeter. Arthur Thompson drove them in his two horse sled, and their teacher, Miss Furber, chaperoned them.

Thirty or more persons went from here on Thursday evening to Portsmouth to hear the Lotus Male quartette. A larger number would have gone if they had made the effort to secure tickets before the sale was called off.

Mrs. Dr. W. D. Jenkins was in town on Tuesday calling on friends.

Rev. Dr. Robie returned from Gosham, Me., (his native place) on Tuesday afternoon, having remained over night with relatives.

Rev. Dr. Richardson will complete the itinerary of his lecturing tour in Ohio and arrive in Boston Saturday. Mrs. Richardson and little son, Norman, Jr., will return to Cambridge, Mass., that day, having passed the time of his absence here.

The American Missionary reports, in its receipts for December, 1911, a contribution of \$13 from the Greenland Congregational church for the education society of that denomination.

It was reported that the town clock in Warper would not run during the extreme cold weather a few weeks ago. The local town clock never wavers, never loses time and did not stay its movements even when the lightning, months ago, struck the steeple of the church where it is located and in the descent of the electric fluid, removed the gilding from its clough.

Mrs. E. G. Clough returned on Thursday from a visit to Boston and vicinity.

Mrs. Dr. Richardson entertained several of her friends on Friday evening, preparatory to her leaving for home on Saturday.

Mr. and Mrs. Clarence Hantres will give a Valentine party on Tuesday evening at her residence.

Mrs. Morris Dodge is still confined by illness to her home much to the regret of her friends all of whom are anxious for her recovery.

Mrs. Doolittle, mother of Arthur H. Doolittle of Portsmouth, who with her husband, Mr. Joseph H. Doolittle, has resided here since last spring, died on Friday afternoon at her home. She had been in feeble health for a long time and only by the most watchful care has she survived to the present. Another son lives in New York City and was summoned to the bedside of his mother.

## MR. HOBBS SUBMITS FIGURES AT HEARING

Continued from First Page.

Nearly all the forenoon session was taken up by Mr. Hobbs in showing the income from passenger service for each mile covered by various trains throughout the state. As illustrating this line of testimony train No. 502 running between Rochester and averaged 90 cents per train mile; train No. 503 running between Dover and Rochester averaged 73 cents; train No. 505 running between Rollinsford and Rochester 22 cents; train No. 818 running between Somersworth and Dover, 7 cents. Ten Sunday trains plying between Somersworth and Rollinsford showed an income from passenger service of 84 cents, 74 cents, 50 cents, 49 cents, 35 cents, 12 cents, 8 cents, 8 cents, 6 cents and 21 cents, respectively. Many other examples were cited of local trains whose income from passenger service for each train-mile was much below \$1.

Mr. Hobbs told of examinations which had been made into the accounts of the Boston and Maine railroad within the past few years by chartered accountants. At about the time the New Haven railroad assumed control of the Boston and Maine, Price, Whitehouse and Co. of New York, were employed by the New Haven interests to make a thorough examination into the accounting system of the Boston and Maine and about two months time was passed in this work. As a result the Boston and Maine was given "a clean bill of health," he said, "so far as its accounting system was concerned." Mr. Hobbs said that the accountants closed their report by saying that the accounts showed the true situation as to assets and liabilities.

Later Clinton H. Scovell and Henry S. Chase and Co., one representing the Massachusetts Railroad Commission and the other Governor Eugene M. Foss, made thorough examinations of the accounts showing expenditures for betterments and replacement. This was when petitions had been filed asking for leave to issue new stock for new equipment and extensions. Both these firms reported that their examination which covered many years showed that the capital had all been expended in additions to the property and in no case had it been used for replacement.

## BASKETBALL

### Juniors Win Class Game at Y. M. C. A.—Alumni Win From Seniors.

In the interclass series Friday afternoon in the Y. M. C. A. gymnasium the Portsmouth high juniors defeated the 1915 five 36 to 19. Capt. Rand, Badger and Quirk excelled for the winners while Hassett and Rutledge played well for the freshmen. The score:

P. H. S. 1915.	P. H. S. 1915.
Fullam, rf.	lb, Rutledge
Badger, lf.	rb, Massey
Thayer, c.	cf, Hassett
Bryant, c.	cf, Hassett
Quirk, rb.	lf, Holland
Rand, lb.	rf, Wright

Score, P. H. S. 1915, 35; P. H. S. 1915, 10. Goals from floor, Fullam 2, Badger 2, Thayer, Quirk, Rand 5, Rutledge 2, Hassett, Holland. Goals from fouls, Hassett 2. Referee, Howard. Scorer, Philip Sanderson. Timers, Shaw and Leary. Time, three 15 min. periods.

In the second game the seniors were defeated by a strong alumni five, 16 to 13 in a hard fought game. The game was won in the last few minutes of play, Hodgkins and Leighton caging a goal. Capt. Jenkins, Russell Leavitt and W. Brackett of New Hampshire college also starred. The score:

Alumni.	P. H. S. 1912.
Leighton, rf.	lf, J. Quinn
Hodgkins, lf.	rb, White
Booma, c.	cf, R. Leavitt
W. Brackett, rb.	lf, R. Brackett
T. Quinn, lb.	cf, Jenkins
Score, Alumni, 16; P. H. S. 1912, 13.	
Goals from floor, Leighton, Hodgkins 2, Booma 2, W. Brackett, Quinn, R. Leavitt 2, Jenkins 4. Goals from fouls, Hodgkins 2, Jenkins. Referee, Howard. Scorer, Philip Sanderson. Timers, Shaw and Leary. Time, two 15 and one 15 min. periods.

## NOTRE DAME LADY'S APPEAL

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these troubles. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, coaxes the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you for proof address Mrs. M. Sammers, Box R. Notre Dame.

## LOOK YOUR HOUSE OVER

If the paint has cracked, peeled or blistered, it will need special treatment before it can be painted successfully. Without it the best paint will not last. If it is spotted chalking in places the same paint will not do for the whole job.

Don't send good money after bad, but send for me, and let me give you a good and durable job with the best materials. Red Seal lead, pure linseed oil and turpentine and permanent tinting colors. Then you will have no further trouble.

Hardwood finishing and paper hanging as well as house painting.

## SETTLEMENT OF STRIKE STILL IN THE AIR

## Conferences Arranged to Discuss Situation—I. W. W. and A. F. of L. at Loggerheads.

Lawrence, Feb. 9.—Leaders of the strike say they are prepared to meet the manufacturers with an organized force that is completely in control of the situation. William Yates, who succeeded Editor, and William D. Haywood, had a conference with a group of newspaper men at Hotel Needham. Mr. Yates declared that inside of one week the Industrial Workers of the World will have 10,000 enrolled members in Lawrence. "I don't care," he said, "if they send every skilled operative in Lawrence back into the mills tomorrow they could not stay in three days, as we hold the preparing force of employees. I never before saw a place where the strikers looked into the I. W. W. as they do here. They come to us faster than we can enroll them. From our point of view the strike situation now is perfectly satisfactory. The mills cannot run. They cannot run without the employees who prepare the material for the skilled operatives."

Both Yates and Haywood argued that if there is to be a conference between the mill workers and the strikers as suggested by the Legislative Investigating Committee, the Industrial Workers of the World alone should represent the strikers. They said that the American Federation of Labor should not be a party to it, because it does not represent the strikers. Haywood said: "Unless they throw their pool in with us we will not consent to their participation in any such conference." The I. W.

W. officials consider that the operatives whom they represent are the real strikers, and those whom the A. F. of L. represents here are some skilled crafts which were forced out because of the strike, just as much as if they had been locked out by the manufacturers, and therefore have no voice in the settlement of the strike. Yates and Haywood reiterated their earlier contention that a conference with the manufacturers will be of no avail unless the manufacturers are prepared to grant the entire demand of fifteen per cent increase in pay, abolition of the premium system and extra pay for overtime. That is what the strike committee will insist upon. If there is a conference, they said this morning, and the chances are that if a committee is selected for such a conference it will be the same committee that Editor brought to Boston two weeks ago to see William M. Wood. Four meetings for the day have been arranged by the American Federation of Labor, for the Pacific Print Works and chain beamers of the whole city, for cotton cardroom workers and folders, for English and French drawers and finishers and for twisters and spinners of the Arlington mill. It is the intention of the A. F. of L. workers to have their grievances in the hands of their general strike committee tonight or tomorrow so that the general bill of complaint can be drawn by that committee tomorrow and forwarded to the manufacturers on Monday.

Lyle L. Gaidner, Pastor.

Junior League, 9.30.  
Morning Worship, 10.30.  
Sunday School, 12.00.  
Epworth League, 6.30.  
Evening Service, 7.30.

Subject of Sunday morning's sermon, Another Rebirth. Evening, Freedmen and The Freer.

The Ladies Aid Society will hold an entertainment and sale Thursday

evening, Feb. 15, at 7.30 o'clock, at Freeman's Annex.

The funeral of Mrs. Stevens will be held from the church at 2.30 Sunday p. m.

Prayer meeting at 7.30 Friday evening.

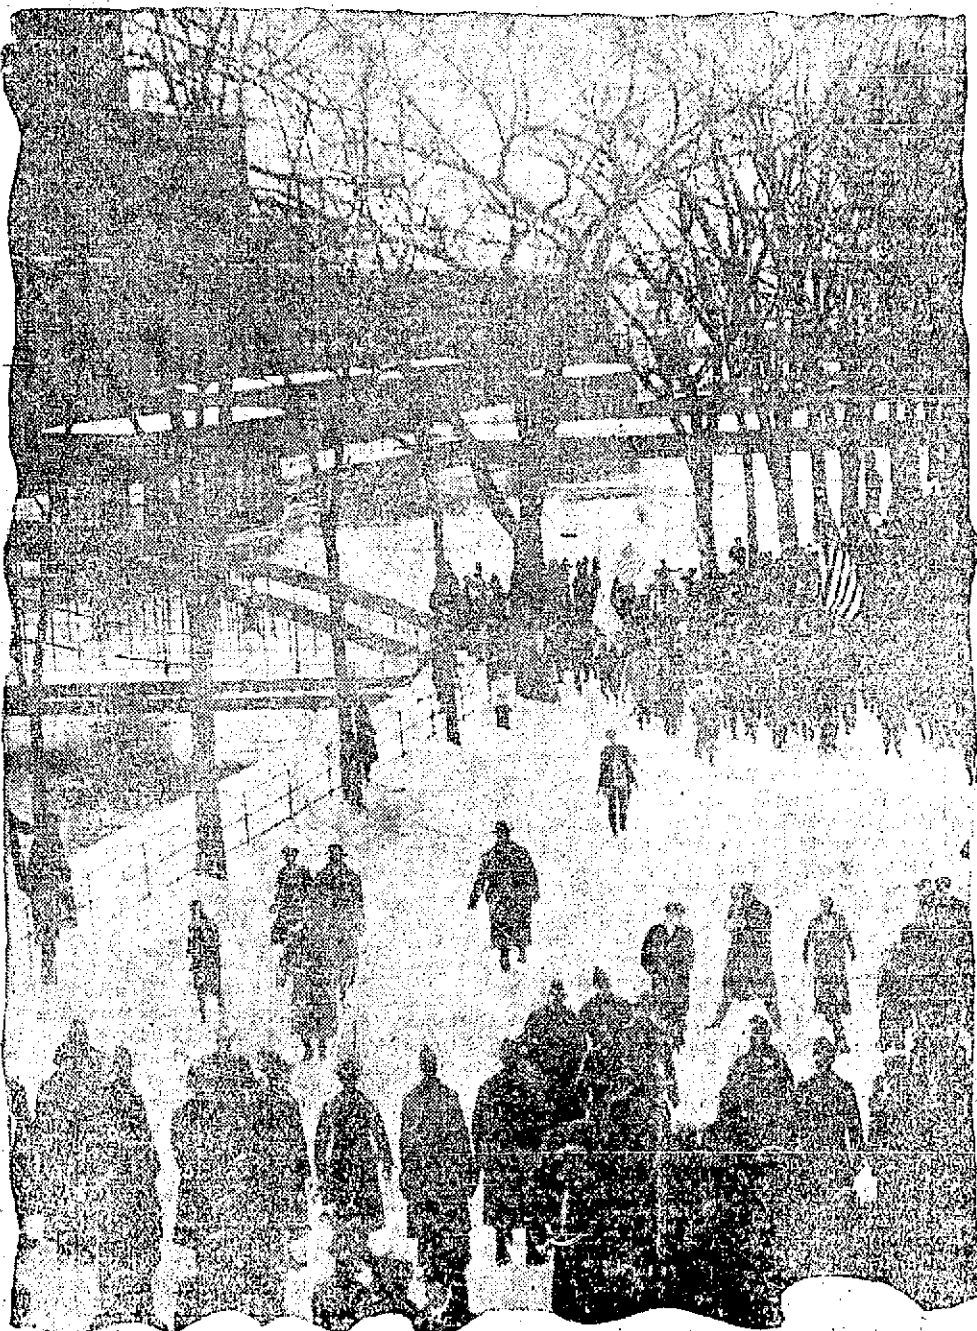

## Secretary of Navy Had to Pay

Secretary of the Navy Meyer has reason to be a firm believer in the rigidity of the customs laws of the United States. He has been obliged to pay \$8 duty on a small pair of domino horns from an animal he shot in Austria last summer. An Austrian prince, with whom Mr. Meyer hunted, thought it would be a novel idea to have the horns mounted and sent to the secretary. He marked on the package a fictitious value of \$20. When the horns reached the United States the customs officials informed Mr. Meyer that he could have them upon payment of \$8. Mr. Meyer gave up the money and got the box. The only way Mr. Meyer can have the amount refunded will be to file an official protest with the secretary of the treasury.

## TO CURE A COLD IN ONE DAY.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVER'S signature is on each box, 25c.

## Striking Textile Workers Parading Before One of the Mills at Lawrence, Mass.

It is said that several hundred militiamen are on duty at Lawrence, Mass., where some 25,000 textile mill workers are on strike for an increase of wages. The trouble threatens to be long drawn out, the strikers having declined to submit their grievances to arbitration.

## SUNDAY SERVICES

Christ Church.  
Sexagesima Sunday.  
Services: Holy Eucharist, 7.30 a. m.; Sunday School, 12 m.; Evensong, 7.30 p. m.

For PORTSMOUTH and PORTSMOUTH'S INTERESTS

SATURDAY, FEBRUARY 10, 1912

Yesterday was Health day, so decreed by Governor Robert P. Bass. As far as we could see but very little attention was paid to the fact in this city, outside of our physicians who pursued their vocation in the same manner as they do through out the entire year, with the exception of a week or ten days to enjoy a rest in the woods. At the present time there is considerable sickness in the city, and although it was Health day we cannot repeat the words of a well known physician. It is distressingly healthy at present.

Persons desirous of being delegates to the Constitutional Convention to be held in Concord next June, are becoming more numerous every day. A short time ago there was a decided lack of interest in the forthcoming convention and very few persons expressed a desire to go. It's can't be possible that the question of woman's suffrage has aroused a desire on the part of some of our citizens to attend the convention?

The Portland Express says: Judge William L. Putnam, of the United States Circuit Court does not believe in the death penalty. He does, however, believe in enforcing the law as it now exists and has been requested by the presiding justice of the Massachusetts Circuit to sit on the bench at all the murder cases that have been tried in the Federal courts at Boston during the last decade. Just now Judge Putnam is presiding over a case of murder on the high seas and was obliged to dismiss over a dozen men from jury duty because they entertained ideas similar to his own as to capital punishment.

The Franklin Journal-Transcript says: "Rosecrans W. Pillsbury is an announced republican candidate for the United States senate to succeed Hon. Henry E. Burnham, and Henry F. Hollis has like aspirations as a democrat. The people of the state have not as yet become very enthusiastic over these announcements, many thinking that the democrats should give preference to Clarence E. Carr of Andover while the republicans are much more outspoken for Governor Henry B. Quinn of Louisiana. It certainly looks as though the latter had only to make public announcement of his candidacy to ensure him a warm support by the major part of the republican party. He is eminently fitted for the position and the faithful service which he gave the state as its chief executive gives assurance that he would make a senator who would look after the interests of the state.

"There is nothing the matter with physical conditions of business in the United States," says President McLean of New Haven. "What we have to deal with is a state of mind." \* \* \* The two elements which seem to dominate in the present situation are suspicion and uncertainty." Other observers have given expression to the same thought. Yesterday morning, for instance, Major Higginson found occasion to say in The Herald that "Congress saw fit to enact a law, which, according to the United States attorney-general, leaves men in uncertainty as to its scope and effect." Let the uncertainty be removed, and the suspicion will depart soon after. The muck-raker is retreating gradually and the advance of the government to a position of certainty would clear up the situation wonderfully.—Boston Herald.

## BIRD'S EYE VIEWS

Another type of the man who is sometimes his worst enemy is the political orator.  
Mr. Waterhouse may decide to let the democratic bandwagon roll, surely along even though it is impossible to put another Tilden at the steering wheel.

Since pie has been mentioned as a cause of nervousness in America. This constant succession of investigations may have something to do with it.

Mexico recognizes the dove of peace as a highly influential bird, when backed up by a large following of American troops.

Now France is going to enlarge its navy. The whole uncivilized world seems determined to have peace, even if it has to fight for it.

"Art is the flower of life," says the Houston (Texas) Chronicle. It forgets to add that it is the bread of birds' eyes.

Residents of the District of Columbia may be depended on to take care of such voting privileges as they feel called on to exercise, without asking for the support of the militant suffragettes.

and butter that most of us have to rig for.

The potato crop having failed, people are urged to eat rice. Newly married couples can get several meals from the offerings at their wedding.

Congressmen who are anxious for a nice summer trip begin to pick up their ears when this international commission on the cost of living is mentioned.

Twenty million dollars' worth of automobiles were exported from the United States in 1911. This was twenty times as many as were exported ten years ago.

W. R. Hearst has engaged eighteen rooms for the Democratic national convention. As he can go to bed in but one at a time, this is just seven-teen too many.

Col. Waterhouse as a promoter of the Woodrow Wilson presidential boom was even a greater success than Col. Harvey. What a lot of trouble the colonels are having!

The expenditure of \$20,000 for the Lake Champlain celebration is being criticised, but anything that keeps a number of congressmen out of mischief for several days is to be regarded tolerantly.

## PRACTICAL QUESTIONS CONNECTED WITH MODERN LIFE

A Fireplace, crackling logs—a pleasant room—comfortable chairs—these describe the surroundings of a place where thoughtful men who desire to keep abreast of the times are invited to meet to discuss practical questions connected with modern life as based on the social and ethical teachings of Jesus. To men who have felt the thrust of life and who desire to become better able to cope with the conditions of modern society this invitation is given to meet on Sunday afternoon from 3.15 to 4.00 o'clock in the library of the Young Men's Christian Association for the purpose of discussing the following questions under the leadership of G. H. D. L'Amoureux, principal of Tripp academy. The first discussion will be held on February the 11th.  
I. Man's Relation to God, or Religious Questions. Why should anybody obey God? What is the main thing to work for in life? How can a man be like God? What should a man pray for? Will prayer help a man to be good? In what way is a man saved by such faith? What is the outcome of a bad life?  
II. Man's Relation to Other Men as an Individual. Is it right to quarrel? Who should take the first steps

## REST MADE EASY

There Will Be Less Sleeplessness When Portsmouth People Learn This.

Can't rest at night with a bad back,  
A lame, a weak or an aching one.  
Doan's Kidney Pills are for bad backs.

Are for other kidney ills.  
They are endorsed by Portsmouth people.

Arion A. Ballou, 378 Pleasant St., Portsmouth, N. H., says: For some time I was troubled by dull pains and lameness across my back. Dizzy spells and headaches were common and I felt tired and languid most all the time. The kidney secretions were irregular in passage and contained sediment. Learning of Doan's Kidney Pills, I procured a supply at Philbrick's Pharmacy and began their use. They entirely relieved me.

For sale by all dealers. Price 50 cents. Doan's Kidney Pills, Buffalo, N. Y. Sole agents for the United States.  
Remember the name—Doan's—and make no other.

# FIFTY YEARS AGO TODAY

## Gleanings From Files of Portsmouth Chronicle

The Secretary of the Navy has authorized the shipment of a crew especially for the U. S. Ship Constellation, now lying at the Portsmouth Navy Yard, and Capt. Thacher, Lieut. Lowe and Dr. Messersmith accordingly opened a rendezvous in Boston on Saturday.

It will be seen by reference to his advertisement that Mr. James K. Medbury announces that he will open in this city an English and Classical School for both sexes should sufficient encouragement be given. Mr. Medbury is well known to many of our citizens and would we doubt not prove a faithful and competent instructor.

The scarcity of coffee in the Southern States has led to the adoption in part of substitutes for the berry. The Charleston Courier recommends a preparation of cotton seed. It

states that when used alone "the aroma is very like that of coffee, and in flavor it is also similar, but rather more like bromo." A mixture of one-half coffee and the rest ground cotton seed it is said, would easily pass for good, if not pure coffee.

The War Department has ordered that all the Union soldiers released from the rebel dungeons shall receive full pay and commutation of rations for the whole time of their imprisonment.

The naval rendezvous at New Bedford is still open. The whole number of persons enlisted in the nine months the office has been open is 1737; of these 480 enlisted as seamen, 854 as ordinary seamen, 387 as lands men, and 16 boys. There are a great many boys ready to enlist, but the Government does not receive them at present.

## QUEER ANTICS OF A FREIGHT TRAIN

The "off again, on again" act of a freight train on the western route of the Portland division of the Boston and Maine railroad has nothing on the antics of a freight train in charge of Conductor F. Henry, Smith on the eastern route on Friday. As the train was passing along near Drake's bridge west of Greenland station, a wheel on a box car jumped the rail and bounced along on the ties for nearly a mile to a crossing near the pigery when it again took to the iron without the least knowledge on the part of the train crew. The train was making fair speed and went along smoothly for over a mile and a half to the Sally Holmes crossing where the wheel again took to the sleepers and parted the train. The breaking apart caused a quick application of the air brake which brought the train up with a sudden jerk. It was then that the crew knew there was trouble. After investigating they shook hands and congratulated each other upon their escape from not being piled up in the ditch.

## NO SALTS, OIL OR PILLS BUT CASCARETS

No Odds How Sick Your Stomach; How Hard Your Head Aches or How Bilious Cascarets Make You Feel Great.  
You men and women who some how can't get feeling right—who have an almost daily headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered by a sick, gassy, disordered stomach, or have backache and feel all worn out.  
Are you keeping clean inside with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.  
Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels.  
A Cascaret tonight will straighten you out by morning—a 10 cent box from any drug store will keep your entire family feeling good for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

## ADVERTISED MAIL MATTER

Unclaimed mail matter for the following is advertised at the Postoffice today:

Allen, Mr. Fred; Drasson, Master William; Bredt Rev. Reuben; Brunk, Mr. Richard A.; Cardor, Mr. John C.; Carpenter, Mr. Vincent; Cayron, Paul; Downs, Mr. Alex; Ely, Mr. Arthur; Emmons, Mr. Edward I.; Gilman, Mr. James; Gottlieb, Mr. Geo.; Gerson, George W.; Herrick, A. ## HELD FOR UPPER COURT.

Mrs. Callie Asay of Water street, was arraigned before Judge Simms in police court on Friday charged with keeping a disorderly house. She was held in \$100 bonds for the grand jury in April.  
Mary Alfey, charged with being drunk, was sent back to the farm for 60 days.

Latest and Best in Motion Pictures and Vaudeville at Music Hall.

# ANNUAL REPORT OF THE LICENSE COMMISSIONERS

Continued from First Page.

the complaint was dismissed. Eight formal complaints of violations of licenses have been received from special agents during the year. Hearings have been held on all of these complaints. Five licenses have been revoked and three complaints dismissed.

In accordance with the provisions of section 5 of the license law, three special agents have been employed during the year. Leon E. Magoun, who had served as special agent since June 1, 1906, resigned May 16, 1910, his resignation to take effect September 1, 1910. At the request of the commissioners, he decided to continue his work until January 1, 1911. On that date Albert J. Richardson was appointed to fill the vacancy, and immediately entered upon his duties. The force of special agents is now composed of G. Scott Locke of Concord, Frank W. Ordway of Milford and Albert J. Richardson of Littleton. Mr. Locke and Mr. Ordway have served in this capacity since the law went into effect in 1903. The special agents have examined locations where licenses were desired, made inquiries in regard to the standing and fitness of applicants for licenses, visited all licensed places at various times, taken samples of liquor for analysis, instructed licensees, reported cases of misconduct, filed complaints of violations, and conducted the cases for the state in all hearings before the commissioners. They have been required to make weekly reports in writing in regard to all places visited and the work performed.

The office of the commissioners was at 63 North Main street, Concord, until October, 1910, when they moved into rooms which had been assigned them in the State House. They have found these rooms to be convenient and pleasant, and especially appreciate the privilege of having an additional room of good size for hearings. Besides the work performed at their office and attendance upon hearings in regard to various matters, they have visited many places in the state and endeavored to obtain a personal knowledge of local conditions and requirements.

The total amount received by the treasurer, less rebates, for the year ending April 30, 1911, was \$264,566.02. The annual distribution of receipts is made by him in the month of July. This year he paid over to the various municipalities and counties entitled to receive the same the sum of \$249,103.28. Five bonds have been paid during the year amounting to \$3,200. The report of the treasurer is hereto annexed and made a part of this report. It contains statements of the amounts received from fees, forfeitures and interest, together with disbursements, also various tables giving information required by law.

At the biennial election in November, 1910, the towns and cities of the state voted upon the question of license. Twenty four towns and seven cities voted in favor of license and two hundred towns and four cities voted against license. The following towns and cities changed from no license to license Alton, Berlin, Chesterfield, Colebrook, Concord, Effingham, Goshen, Hillsborough, Litchfield, Pittsburg, Sunapee, Watpole, Westworth's Location, and Westmoreland. Fourteen towns changed from license to no license as follows: Albany, Barnstead, Bennington, Crofton, Ellsworth, Gorham, Greenville, Hebron, Hooksett, Lyman, Milton, Newfields, Sharon and South Hampton. The following towns and cities voted in favor of license: Allenstown, Alstead, Alton, Andover, Berlin, Chesterfield, Colebrook, Concord, Deering, Derry, Dover, Effingham, Epping, Goshen, Hillsborough, Kingston, Litchfield, Manchester, Nashua, Newmarket, Nottingham, Pembroke, Pittsburg, Portsmouth, Rollinsford, Sowersworth, Stewartstown, Sunapee, Watpole, Westworth's Location and Westmoreland. The net vote of the towns upon the question will be taken in 1912 and of the cities in 1914. Under the discretion given them, by section 31 of the license law, the commissioners have granted seven licenses of the first class (hotel), seventy of the fifth class (druggists), and three of the sixth class (railroad restaurant) to be exercised in fifty nine towns and cities, which voted against license. They have endeavored to be careful about the granting of these licenses and to exercise wisely the discretion given them. A large proportion of these

ed to proprietors of summer hotels, and are exercised only during the summer and early autumn. The licenses issued to druggists in no case towns and cities permit them to sell only upon the prescription of a physician.

In accordance with the suggestions of the commissioners in their last annual report, three changes were made in the license law at the last session of the legislature. Provision was made for the granting of licenses of the fifth class to registered pharmacists, upon certain conditions, to be exercised in the drug stores of corporations and partnerships. A law was passed providing for the disposal of liquors by trustees of bankrupt licensees, administrators and executors of deceased licensees, and persons whose licenses have been revoked, under certain regulations. Provision was made for the closing of licensed places on the day when a primary is held in accordance with the provisions of chapter 153, Session Laws 1909, or under the provisions of any city charter, the same as on the day of any general or city election or town meeting. Another change in the law, which is of considerable interest to hotel proprietors, was made by the legislature. It was provided that sub division 3, section 8, chapter 95, Session Laws 1903, as to the citizenship and residence of a licensee, shall not apply to a bona fide purchaser or lessee of hotel property situate in any town. It is not now necessary for a holder of a license of the first class to be a citizen of the United States, or to have been a resident of the town or city, within which his license is exercised, for one year last prior to the filing of his application. Acts were also passed defining the meaning of "spirituous and intoxicating liquor," prohibiting the use of the same as a beverage on certain public conveyances, and providing for a more stringent enforcement of the prohibitory law in no license territory.

The commissioners stated in their last report that in their opinion it would be beneficial to have a definite standard for liquors fixed by law, and recommended that such a change be made, but action was taken upon the subject by the legislature. In a few cases licenses of the second and third classes have been granted heretofore to be exercised in the same room or rooms. Owing to some applications that have arisen in the administration of the law in such cases, licenses of these classes will not be granted to be exercised in this manner after April 30, 1912, the close of the present license year.

Respectfully submitted,  
Cyrus H. Little,  
Henry W. Keyes,  
John Kivel,  
State Board of License Commissioners.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels, and don't cure. Doan's Regulax act gently and cure constipation. 25 cents. Ask your druggist.

## DEMOCRATS HOLD CAUCUS FOR CONVENTION

### No Delegates Nominated in Ward Two--No Contests in Other Wards.

The democrats held their caucuses, other wards there was no contest on Friday evening, and in all of the wards with the exception of ward two they nominated the tickets for the election March 12th. In ward two the democrats had no candidates and decided that the republican choice was good enough. In the

Ward Three.  
In ward three the delegates were: John G. Mitchell and William Cogan.  
Ward Four.  
In ward four the meeting was called to order by Chairman Fred Webber and P. D. Shea acted as secretary. Mr. George D. Marcy was nominated.  
Ward Five.  
In ward five William A. A. Cullen was nominated.

Republican Caucuses.  
The republican caucuses for wards one and four will be held this evening, and there is said to be a contest on in ward one.

## KITTERY LETTER

### Breezy Items from Village Across the River

Kittery, Feb. 10.  
Traip Academy hall was well filled last evening, at which time the girls of the senior and junior classes presented the comedy drama, "Aunt Maggie's Will." The parts were well taken, the following being the cast of characters:  
Jane Scott, a practical young person, Eleanor Lambert  
Priscilla Parsons, irreproachable, Edna Smith  
Dessie Thorn, irresponsible, Aidana Hatch  
Madeline Gray, engaged, Lottie Windrich

Minnie Weeks, Marjorie Cutts  
Julia Watson, Susie Baker  
Henrietta Clark, Nella Knight  
May Bell, Olivia Collins  
Mrs. Sims, a competent housekeeper, Gladys Spinney  
Della, an Irish maid, Mildred Sawyer  
Selections on the piano were rendered before the drama and between the first and second acts, and between the second and third acts the song, "Five Little Maids from Lee," recently given at the Second Methodist church, was repeated with great success. Home made candy was on sale in charge of Misses Lena Ryland and Edith Churchill. A good sum was realized for the treasures of the two classes.

Second Christian Church, Kittery.  
Rev. Arnaldo Natino, pastor.  
Sundays:  
10:30 a. m., Preaching, subject: "Rest for the Weary."  
12:30 Bible Study, Sunday school.  
6 p. m., Y. P. S. C. E. service. Subject: "Generosity," leaders, Mrs. F. E. Donnell, Mrs. Henry Thompson.  
7 p. m., preaching, subject, "The Lawrence Strike and Its Only Permanent Remedy."  
Tuesday evening at 7:30, Prayer meeting.  
All are cordially invited.  
Services at Second Methodist church Sunday are:  
Preaching at 10:30 a. m., by the pastor, Rev. Allison J. Hayes; subject: "Education of the Temper."  
Sunday school at 12.  
Vespers at 5:00 p. m., subject, "The Place of the Church."  
Meeting of the Epworth League at 6.  
Everybody welcome.

Saws filed. All carpenters' tools ground. Walter Philbrick, Pine St.  
Miss Alma Blaisdell of York was a visitor in town on Friday.  
Mrs. Floyd Middleton of New York has been called here by the illness of her grandmother, Mrs. Jacob Patch. Mrs. Patch is reported as improving slowly.  
Mrs. George Manson of Manson avenue is slowly improving from her illness.  
N. B. Tomorrow the boys of the Second Christian church will sail for

## BOWLING

### Hull Division Win From Engineering Clerks--Bakers Put It On the Peddlers--Renner High Man at the Arcade Roll Off.

The bowling team from the Hull Division won a game at the Elks' alleys on Friday evening by defeating the bowling team from Steam Engineering at the navy yard by 110. Boyd was high man with 248 and Peirce high for the Steam Engineers.

### EDISONIAN THEATRE

Freeman's Hall.  
Only two days left for Portsmouth theatregoers to witness one of the greatest gymnastic acts ever placed upon the stage, "The Brisson." This lady and gentleman do some wonderful stunts. Their work is the very essence of grace and agility, and a European act of the neat and natty class with some sensational contortion work that will be anything but tiresome to the patrons, as it is said their act is the most rapid in vaudeville, which brings them no end of

ville acts are also of the most interesting and pleasing nature and add materially to the value of this week's exceptionally commendable program. Novelty singing with dancing and a good time assured to all who attend.  
Claude G. Sidney, Mgr.

Palestine. Parents are invited to come and see their children off. Come. Everybody come.

The Seniors of Traip Academy will hold an invitation Leap Year dance on Friday evening next at Wentworth hall.

The Boy Scouts held a meeting this morning at the Second Methodist church.

This evening at the Second Methodist church the Ladies' Aid will give a free social to the boys and girls. There will be games and refreshments, and a thirty-minute talk by Rev. Mr. Hayes.

### ADD KITTERY

Miss Georgia Knight and Miss Maud Moulton, teachers at the Wentworth school, attended the teachers' institute at Exeter on Friday.

Mrs. William Blake has returned home after passing a week with her mother at North Kittery.

On Tuesday evening next at Traip Academy hall occurs the entertainment by Mrs. Mary Baillie, author

Horner Out For a Place on Olympic Team.

Photo by American Press Association.

Joe Horner, the famous shot putter of the University of Michigan, is out for a place on the Olympic team. Horner is keeping in trim by practicing indoors and is in fine shape. He will compete in the tryouts, to be held in Chicago in May. Horner says he expects to experience little difficulty in securing a berth on the team that will go to Stockholm, Sweden, in June. Horner is considered to be one of the best shot putters ever turned out at Michigan.

**McGraw Would Reform Pitcher's Box.**  
If a suggestion advanced by Manager John McGraw of the Giants is adopted a narrow gulley, six inches or so in depth, will be dug in front of the pitcher's box at all National and American league parks to prevent the slab worker from stepping over the rubber and delivering what, under the rules, are illegitimate balls.

Under the rules a pitcher must have one foot on the rubber when delivering the ball, and under present conditions it is almost impossible, because of the dust, to determine whether he is complying with the regulations or overstepping his bounds. Batters often complain to the umpire that the pitcher is working in too close to the plate, and much time is lost. With a pit in front of the rubber a pitcher could not step in front of it and escape detection.

McGraw has recommended the change to John M. Ward of the rules committee, and action will be taken on it at the joint meeting of the rules committee of the two leagues on Feb. 13.

**England Wants Rock Sand.**  
An effort is being made in England to have Rock Sand, the great sire purchased by August Belmont, returned to that country. Belmont declined the first request to that effect, and it was only on receiving letters pointing out that Rock Sand would have an exceptional chance to do himself justice in England that Belmont cabled to ask how many subscriptions he could command and at what fee. Belmont considers the horse worth all the 25,000 sovereigns which he gave for him, as he is now a well proved sire. It is obvious, therefore, that unless there can be reasonable promise of a subscription list of at least thirty mares at a fee of not less than 200 guineas (the owner is not in the least likely to send Rock Sand to Cheveley, where he is wanted to replace the dead stallion Isinglass. One well known dealer has offered to take ten nominations at 100 guineas each. Others seem disposed to subscribe at 200 guineas.

**Owens New National League Umpire.**  
President Lynch of the National League, it was learned recently, has officially decided upon Clarence Owens to fill the vacancy in his umpiring staff for the coming season, caused by the retirement of Hank O'Day to take the management of the Cincinnati team.

Owens is a product of the American association, and his home is in Kansas City. The other umpires on the official list given out are Johnstone, Klein, Eason, Rigler, Finnegan, Brennan, Emsile and Bush, the last named of whom umpired a few games toward the close of last season.

**Yale Has \$20,000 Baseball Cage.**  
Yale university's new \$20,000 baseball cage will be 140 by 110 feet, and besides the baseball candidates it is to accommodate the track, tennis and winter football squads. It will have a dirt floor, plenty of light and will be built of steel and brick. It will be located on the lot in the rear of the swimming pool and will bring the gymnasium, pool and cage for other sports all together.

**Cavanaugh to Coach Dartmouth.**  
Frank A. Cavanaugh has been engaged to coach the Dartmouth football team for the next three years, according to an announcement made recently by members of the Dartmouth athletic council. Cavanaugh, who was a member of the class of 1898, coached the team last year.

**GROWING HORSE RADISH.**

Pungent Crop Does Best After Beets, Cauliflower or Early Cabbage.

A Wisconsin subscriber of American Agriculturist asks for information on the methods of raising and marketing horse radish. Although the horse radish is a perennial and will continue to grow indefinitely if some of the roots are left in the ground, it is usually treated as an annual when raised in commercial gardening. It is most profitable as a second crop, following beets, cauliflower or early cabbage. Only the main root is used for market, the small rootlets being broken off and preserved for planting.

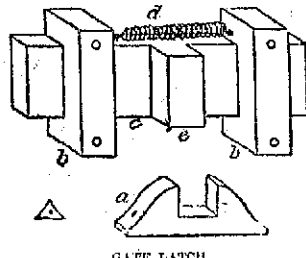

The upper part of each set should be cut straight and the lower part slanting so that they may be planted right end up. Of course, they will grow anyhow, but they will make a more satisfactory crop if planted properly. The sets may be stored for the winter in a cellar or in pits out of doors. It is a good thing to sprinkle sand between them to prevent heating. While the crowns of the plants may be reset and will grow, they do not produce a very satisfactory crop of roots for market and will not pay for replanting.

The sets are planted between rows of cabbage or cauliflower in holes eight or ten inches deep made with a light crowbar. They are covered two or three inches deep. If they are not set deeply they are likely to come up too soon and interfere with cultivating and harvesting the first crop. By planting one hill of horse radish opposite each cabbage plant from 12,000 to 15,000 plants per acre are grown. One cultivation is usually sufficient, because the ground is already clean from the first crop, and horse radish leaves soon shade the ground and prevent weed growth.

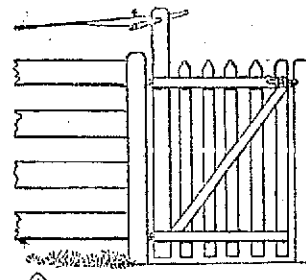

**SELF CLOSING GATE.**

Directions For Making One That Is Serviceable and Inexpensive.

Here is a good plan for a self closing gate, reproduced from the Orange Judd Farmer, from which cuts and description are taken. The upright piece at the hinge end of the gate is made higher than the post it swings on. A crossbar is driven tightly through a hole at right angles with the gate. Make the crossbar two feet long or over and run

wires from the ends of the crossbar to a point two feet from the crossbar and continue by a single wire for one foot. A spiral spring from a mow or binder is here attached, and a wire is connected with this spring and run to the second post of the fence. This gate will swing either way and be pulled shut again. A latch made as described in the drawing will be a great help. Take a piece of hard wood—oak or maple—and saw as indicated at c. This should be 8 by 2 by 2 and sawed so

should be one inch thicker than the thin parts. Two pieces should be sawed like b. Just so the thin part of c will slide easily through it. Then saw a, making the groove one and one-fourth inches wide and its edges rounding so the latch will work easily and attach to the fencepost horizontally. A spiral spring from a shade roller is attached, as shown in sketch. This is inexpensive but serviceable and works well if rightly made.

Everything that we have except a few fish and a hope in the hereafter comes out of the ground. Be good to the ground.  
—American Agriculturist.

**Orchard and Garden Notes.**

Early cabbage, lettuce and cauliflower are sown in the north in hotbeds any time from the latter part of January to the 1st of March. Sowing early in February is preferred by most growers, although excellent results may be secured by later sowings if the frames are handled properly.

It usually takes nearly a week to get the manure ready for the pit, and from four days to a week is generally required for the temperature to drop in the frame sufficiently to make sowing safe. The reader will thus understand that the manure for the hotbeds should be stacked about two weeks before he intends to sow.

While fluts are not used by many gardeners there are strong points in their favor. It is more convenient to sow in fluts in a warm, comfortable room, carrying the fluts to the hotbed or cold frame after sowing or planting and perhaps watering, although watering is more frequently attended to in the hotbed or frame.

Don't let the baby suffer from eczema, zema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

## ITEMS OF INTEREST TO EMPLOYEES AT THE NAVY YARD

**What the Leonidas Has for Relics**  
Three hundred and fifty applicants have appeared already for the relics from the wreck of the battleship Maline, which are now on board the collier Leonidas on the way to the Washington navy yard.

Under the terms of the law distribution of the relics is to be made among municipalities, patriotic societies, survivors of the Maine and the relatives of the victims of the disaster. The relics range from a few six inch guns down to brass buttons and crockery. There are plenty of air ports, rubber mats, bits of wood work, tools, even a sewing machine and a boat anchor. Some six inch shells are destined for monument purposes.

### This is a Queer Move

Youth must serve even among the mechanics of Mare Island. Here after age will cut quite a figure in the rating of the men employed on the yard, as has been shown by an order directing that one quartermaster and two leadsmen who have been for years in charge of work in the yard joiner shop, have been reduced to the rating of a first class mechanic. Their age alone is responsible for the disrating.

### The Board Notified

A board of visitors to the Naval Academy appointed by President Taft, of which R. W. Pillsbury of New Hampshire is a member, has been notified that it will be received officially on June 3, 1912.

Mr. Hayes to be Relieved as Chief Calvin L. Hayes, chief clerk of the

bull division, the oldest clerk in the yard in years and length of service, will on the 16th inst. give way to some younger man. The department commends Mr. Hayes for his long, faithful and efficient service, but decides that the position demands a younger and more active man. Mr. Hayes will remain in the division as clerk at a lower salary.

### Three to Go On

Two sailmakers and one laborer were called today by the labor board.

### Planking the Ferry

Work on the new yard ferry boat is going on with a rush at the present time. The workmen are now engaged in the work of planking.

### Will Open Up Mar 30

The new play grounds which the department of public works is working on for the yard is expected to be opened with a baseball game and other sports on Decoration day.

### Getting Ready for Sale

Officers of the general store are engaged in looking over old material which is likely to be included in the next sale of condemned stores, etc.

### Would Hardly Happen Here

The Portuguese cruiser Republic ran aground at Boston navy yard on Friday while trying to make a berth at the yard.

### Nearly Ready to Launch

The second coal barge under construction in the shiphouse is nearly ready for launching. The only work to be completed is that of placing the copper on the bottom of the craft.

## IT LOOKS LIKE THE GOOD OLD DAYS

It looks like the good old democratic days to see the familiar faces of "Jinks" Hennessey and Charlie Foote back in the street department. The three democratic members of the board of public works are certainly showing their loyalty to the party. A few more of the old timers are kicking their shins getting in shape for a call to duty. A few now temporarily absent from the city are planning to return.

## JENNINGS INDICTED

John Jennings, who was arrested some time ago for the alleged larceny of metal from the navy yard, was indicted by the grand jury of the United States district court at Portland on Thursday for the stealing of fanges valued at \$100, the property of the United States.

Single Tax at People's Forum Sunday, Feb. 11th.

## NO MORE CANOPY HEAD PIECES

The big hat for women for this year has been tailored. There will be no canopy sky pieces and the bills for Easter headgear will not stagger the husband and father. It has been decided by the National Association of Milliners at Chicago that the next turban hat of moderate size will be the real thing for Easter and that the prevailing color will be plain red. Now all those big crown pieces which have taken up all the room in electric cars and churches can be relegated to the dump or be placed on the public playgrounds for awnings for the children during the hot summer days. To the man who pays the bills the edict of the Chicago hat makers is the best news he has heard in recent years and they are entitled to be recognized by a vote of the state of Illinois.

## RESOLUTIONS PASSED

Portsmouth, N. H., Feb. 9, 1912.

Whereas, the grim messenger, "Death," has again entered our ranks and removed from the same one who was wont to occupy a chosen place in our councils, and in lodge work, be it

Resolved, that in the death of our late brother, Alvin C. Reed, Mercedes Aerie, No. 682, F. O. E., has sustained an irreparable loss, and one has been removed from our midst whose place it will be hard to fill as true friend, loyal brother, and an honest worker in the order he loved.

Resolved, that while bowing in submission to the will of "He who doeth all things well," we desire to, at this time, express our deep sorrow and sympathy in this hour of mutual affliction.

Resolved, that we keenly feel the loss sustained and shall cherish a deep and lasting memory of the many good qualities enjoyed in life of a true and noble member of our beloved order.

Resolved, that a copy of these resolutions be sent to the family of the deceased brother, that they be spread upon our records, and copy be sent to the local press.

E. O. PINKHAM,  
GEO. O. LANE,  
FRED P. O'BRIEN,  
Committee on Resolutions.

### NOTHING TO THE RUMOR

A story gained circulation on the death of Elliot was missing from his

home and his body had been picked up in the river. Information from what town this noon proved that there was nothing to the report as the party had been seen in the city during the forenoon.

## ENOCH, THE GREAT ENGLISH SWIMMER AT MUSIC HALL

The vaudeville at Music hall for the first three days will be headed by "Enoch, the Great English Swimmer." He will give his wonderful swimming performance in a large tank with a glass front, containing nearly 1,000 gallons of water. Selections from the following are presented: Floating, Rising, Sinking, Diving, Drinking Smoking Playing Trombone and other very difficult feats.

Mr. Enoch holds the world's record by remaining under water 4 minutes, 46 1/2 seconds at Wonderland Theatre, at Lowell, Mass., Mar. 28-1896.

Helen Bell a singing girl is also on the bill. She has a very neat act and no doubt will please.

The picture part of the program will include The Corsican Brothers, taken from the book of Alexander Dumas, "Brothers," by Pathe, and "An Antique Ring" by Lubin, and others.

## ANOTHER COLD WAVE STRIKES THIS SECTION

Another cold wave hit this section this Saturday morning and the thermometer registered from eight to ten degrees below zero in various parts of the city. A strong northwest gale accompanied the cold wave, making the day one of the most disagreeable of the present winter. Owing to the intense cold the majority of persons remained indoors during the greater part of the day and very few persons were to be seen on our streets either in the forenoon or afternoon.

## The One Best Way To Make Your Money Earn More Money For You

Is To Buy

## Real Estate 6 Per Cent Gold Bonds

### BECAUSE

They are absolutely safe and certain to be paid at maturity. They are issued in denominations of \$100, \$500 and \$1000. They mature in ten years and the principal is then payable in cash. They represent actual ownership of New York Real Estate. They are a lien on all present and future assets of the Corporation. They can always be turned into cash through their loan provision. They can be exchanged at their face value any time for Real Estate owned by the Corporation. They can be surrendered at the end of five years, in accordance with the terms of the Bond, for their full face value in cash. They are negotiable and transferable at any time. They are issued with the privilege of registration as to principal. They are accepted by The Debenture Corporation of New York at any time as collateral for loans. They share in one-half of the net profits of the Corporation in addition to the 6 per cent. The books of the Corporation are audited regularly by The Audit Company of New York. The 6 per cent interest coupons are payable quarterly through any bank in the United States. They can be purchased at par either for all cash or on monthly payments. They earn 6 per cent from the day that any amount is received by the Corporation, on the amount received. They are especially adapted to systematic savings, and have many other good points. THE DEBENTURE CORPORATION OF NEW YORK is organized under the laws of New York. It offers these bonds to the public because its business affords unusual opportunities through the successful operation of buying and selling real estate. No obligation on your part for requesting literature giving all other information.

FRED GARDNER, Glebe Building,
